I did not, my apologies! Thanks for the reminder.

Essie,
My wife and I are moving to MA. As a result, I will need to resign as an Alternate Member of the Clean Energy Task Force. Please let me know if you need any additional information from me.

Hi All,

I have another class conflict today. In addition, my wife and I will be also moving to MA in the next month or so due to her job change. She is taking a job with UMass Medical in Worcester. As a result, I will not be able to get more involved with the Task Force.

It's unfortunate I haven't been able to make this opportunity work. You all are clearly a strong group with great support from the town. I wish you great success in the future. Let me know if you need any paperwork from me regarding this change in status.

Thanks!
Ashwin
